## ABOUT ME

I'm a **Quality Analyst** living in Ahmedabad, Gujarat (IN).  
I like to do my work not just as for job but its my passion  
in my life.

In mid of 2014, I have completed my Graduation from GTU university. After that I took training in software testing. After graduation, I joined to one company as Jr. Tester and then my story begins as a Quality Analyst. After getting good experience in profession carrier, I became Sr. Quality Analyst. My roles and responsibilities as for current are Creating Test Matrix and Cases, Create Test Plan, Manage Sprint, Scrum Reporting and Managing, Creating Automation script and reports. Creating Bug report, Forwarding Bug reports to the Developers, Analyzing sites and check Performance of their, Analyzing all bugs which are hard to get and understand by developers and give suggestions to them.
